Forecast for Sunday 22 Nov 2020

Weather: Clear intervals and further showers during the night with snow on higher ridges/summits. Another cold and windy day in the hills on Sunday. There will be some sunshine and further blustery showers. The showers will continue to fall as snow above about 700m.

Chance of cloud free mountain/hill tops above 800m: 60%, best towards the Trossachs. Occasional cloud cover about 600 to 700m, briefly extensive as shows come along.

Visibility: Very good away from showers. Marked reductions to poor visibility as showers come along and very poor as snow showers pass by.
